DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-9, 11-12, 16 and 18, drawn to a polynucleotide and first method of using said polynucleotide.

Group II, claim(s) 10 and 17, drawn to a polypeptide.

Group III, claim(s) 13, drawn to a second method of using the polynucleotide.

Group IV, claim(s) 14, drawn to a third method of using the polynucleotide.

Group V, claim(s) 15, drawn to a fourth method of using the polynucleotide.

Group VI, claim(s) 19-22, drawn to a fifth method of using the polynucleotide.

Group VII, claim(s) 23, drawn to a sixth method of using the polynucleotide.

Group VIII, claim(s) 24, drawn to a seventh method of using the polynucleotide.

In addition to an election of one of inventions I-VIII listed above, in accordance with 37 CFR 1.499, applicant is required to elect one of the following inventions A-L to which the claims must be restricted.

Group A, drawn to a polynucleotide of SEQ ID NO: 1 or corresponding polypeptide of SEQ ID NO: 2.

Group B, drawn to a polynucleotide of SEQ ID NO: 3 or corresponding polypeptide of SEQ ID NO: 4.

Group C, drawn to a polynucleotide of SEQ ID NO: 5 or corresponding polypeptide of SEQ ID NO: 6.

Group D, drawn to a polynucleotide of SEQ ID NO: 9 or corresponding polypeptide of SEQ ID NO: 10.

Group E, drawn to a polynucleotide of SEQ ID NO: 11 or corresponding polypeptide of SEQ ID NO: 12.

Group F, drawn to a polynucleotide of SEQ ID NO: 13 or corresponding polypeptide of SEQ ID NO: 14.

Group G, drawn to a polynucleotide of SEQ ID NO: 15 or corresponding polypeptide of SEQ ID NO: 16.

Group H, drawn to a polynucleotide of SEQ ID NO: 17 or corresponding polypeptide of SEQ ID NO: 18.

Group I, drawn to a polynucleotide of SEQ ID NO: 21 or corresponding polypeptide of SEQ ID NO: 22.

Group J, drawn to a polynucleotide of SEQ ID NO: 23 or corresponding polypeptide of SEQ ID NO: 24.

Group K, drawn to a polynucleotide of SEQ ID NO: 25 or corresponding polypeptide of SEQ ID NO: 26.

Group L, drawn to a polynucleotide of SEQ ID NO: 27 or corresponding polypeptide of SEQ ID NO: 28.

2. The inventions listed as Groups I-VIII do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group I is a polynucleotide and first method of using the polynucleotide, which is structurally and functionally divergent from the polypeptide of Group II. The different methods of using the polynucleotide utilize different reagents or targets, and have different outcomes. Moreover, where multiple methods of use of a product are claimed, Applicant is entitled

unity of invention between the product and the first claimed process. See 37 CFR 1.475(d).

The inventions listed as Groups A-L do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: each of the polynucleotides is structurally divergent and each of the polynucleotides encodes a divergent polypeptide. Accordingly, the recited polynucleotides lack a common special technical feature.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143). In this case, Applicant is required to elect one of groups I-VIII and one of groups A-L in response to this requirement.
4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
